**2****Extract from Fire Service Act 1975****21A. Evacuation schemes for public safety—**

- 1) Subject to subsection (3) of this section, where any building is used as a place—
  - a) Where 100 or more people are able to be present for different purposes or activities; or
  - b) Where facilities for employment are provided for more than 10 people (whether self-employed or employed by 1 or more employers); or
  - c) Where accommodation is provided for more than 5 people whether on an overnight, short-term, or long-term basis (other than 3 or less household units); or
  - d) Which is used for any 2 or more of the purposes provided for in this subsection—  
and the building is not sprinkler-protected, or, in the opinion of the National Commander, has an automatic sprinkler system that is inadequate to meet the nature of the fire hazard, the National Commander may require the owner of that building to make provision for a scheme which provides for evacuation from the scene of a fire to a place of safety outside the building.
- 2) Notwithstanding the provisions of subsection (1) of this section but subject to subsection (3) of this section, where any building or part thereof is used as a place—
  - a) Where 100 or more people can gather or assemble together in a common venue or place of assembly, whether for a commercial, social, cultural, religious, or any other purpose whatsoever; or
  - b) Which is used in whole or in part for the storage or processing of hazardous substances; or
  - c) In which early childcare facilities are provided (other than in a household unit); or
  - d) In which specialised nursing, medical, or geriatric care is provided (other than in a household unit); or
  - e) In which specialised care is provided for people with disabilities (other than in a household unit); or
  - f) For the accommodation of people in lawful detention; or
  - g) For any 2 or more of the purposes provided for in this subsection
  - h) the National Commander may require the owner of that building to make provision for a scheme which—
  - i) In the case of a building which is sprinkler-protected, provides for evacuation from the scene of a fire to some other place of safety (whether within or outside the building):
- 3) In the case of a building which is not sprinkler-protected, provides for evacuation from the scene of a fire to a place of safety outside the building.
- 4) For the purposes of subsections (1) and (2) of this section, the National Commander's requirements shall be as prescribed in regulations made under this Act, which regulations shall specify, with respect to sprinkler-protected buildings and non-sprinkler-protected buildings, such evacuation times and procedures as are necessary for safeguarding persons who are lawful occupants of the building or who are otherwise lawfully entitled to be in the building (whether as visitors or otherwise) including, in the case of buildings to which section 25 of the Disabled Persons Community Welfare Act 1975 [[or section 47A of the Building Act 1991]] applies, the evacuation of persons with disabilities.
- 5) For the purposes of subsection (3) of this section, the requirements for such evacuation times and procedures as are necessary for safeguarding persons shall, in the case of the regulations, also be deemed to include, with respect to any sprinkler-protected building, the criteria that shall be applied by the National Commander in determining whether evacuation from the scene of a fire shall be to some other place within or outside the building.
- 6) Where any owner fails, within the time required by the regulations, to prepare a scheme to the National Commander's requirements or otherwise refuses to prepare a scheme, or where a scheme that was previously approved becomes inoperative because of the failure of the owner to ensure the requirements of the scheme are fully maintained, the National Commander, on giving not less than 10 days written notice of his or her intention to do so to the owner of the building, may apply to the District Court for an order under subsection (6) of this section.
- 7) If, after giving the National Commander and the owner of the building an opportunity to be heard, the District Court is satisfied that the owner of a building has failed to comply with subsection (5) of this section, the District Court may make an order requiring that the building be closed until the requirement for a scheme to be prepared or for a scheme to become operative, as the case may be, has been met.
- 8) Where any building does not require a scheme in terms of subsection (1) or subsection (2) of this section but the owner considers that a scheme should nevertheless be approved, the owner shall notify the National Commander; and the provisions of this section, other than subsections (5) and (6), shall apply accordingly.
- 9) Where any scheme is approved for the purposes of this section it shall be a requirement of that scheme that—
  - (a) The appointment of building wardens and floor wardens be reviewed [[at intervals of not more than 6 months]]; and
  - (b) The duties of building wardens and floor wardens should be provided for in the scheme; and
  - (c) There be trial evacuations at prescribed intervals; and
  - (d) The means of escape from fire shall be monitored by the owner and properly maintained; and

- (e) Special provision is made for the avoidance of panic on the part of members of the public who are lawfully in the building at the time the building is required to be evacuated; and
  - (f) Special provision is made for—
    - (i) Young children, the elderly, the sick, and persons with disabilities, where the building or part of it is for their care; and
    - (ii) Those in lawful detention, where the building or part of it is for their detention.
- 10) The National Commander may grant waivers from the requirement of any building to which subsections (1) and (2) of this section applies where, in the opinion of the National Commander, there are already other provisions which will ensure the safety of people within the building.
- 11) Where any building for which a scheme is approved is altered or there is a change of use, the National Commander shall review the requirements for the scheme, and the provisions of subsections (1) to (9) of this section shall apply with the necessary modifications.
- 12) For the purposes of subsection (1) (a) and subsection (2) (a) of this section, the question of whether a building can be categorised as coming within the scope of those provisions shall be determined in the light of the use to which the building is put, and the provisions of the building code in terms of the Building Act 1991.
- 13) For the purposes of this section any evacuation scheme approved pursuant to the Fire Safety (Evacuation of Buildings) Regulations 1970 and which is still an operative scheme shall be deemed to be a scheme approved under this section.
